Mr. Nash,

I am contacting you on behalf of the Press Secretary to the Mayor, Ms. Tammy Hawley. This memo serves as notification and response to your Virginia Freedom of Information Act (FOIA) request that was directed to Ms. Hawley's attention and received on Wednesday, June 19, 2013, for records as detailed in the following request:

"All memos and reports mentioning the "Combined sewer overflow event" that occurred on 6/18/2013"

Please be advised that the Office of Press Secretary is not the custodian of any record you requested. You should direct your records request to Ms. Angela Fountain, Public Information Manager for the city's Department of Public Utilities, at 730 East Broad Street, Richmond VA 23219, as that department should be the custodian of any existing records relative to your request. Ms. Fountain can be reached at (804) 646-7323.

Be advised that this concludes my response to your FOIA request. Thank you.

Sincerely,

A handwritten signature in black ink that reads "Michael Wallace". The signature is fluid and cursive.
